

Military Reprisal Investigations

Agenda

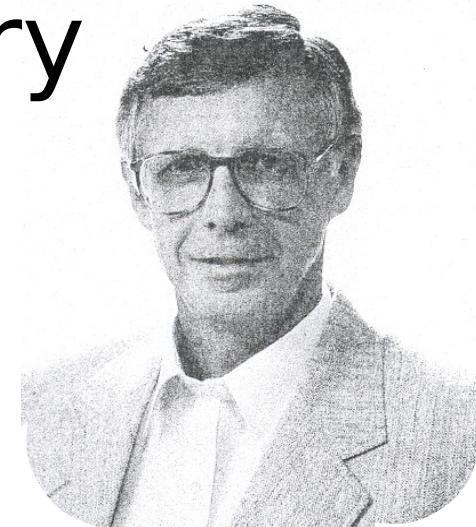

- Overview
 - How we got here
 - How are we doing
- Preliminary Inquiries
- Reprisal
- Mental Health Referrals

MRI's Mission

- Conduct / oversight investigations of:
 - Reprisal
 - Improper MHE referrals (Military)
- Establish Whistleblower policy for:
 - Military
 - NAFI Employees
 - Defense Contractor Employees
- Develop implementing regulations

Whistleblower Protection

A Dynamic History

. . . and MRI was there!

Development of the Law

- **1978** – Federal employees
- **1983** – NAFI employees
- **1986** – Defense contractor employees
- **1988** – Boxer Amendment
 - “Military Whistleblower Protection Act”
 - Only IGs & Congress

Development of the Law

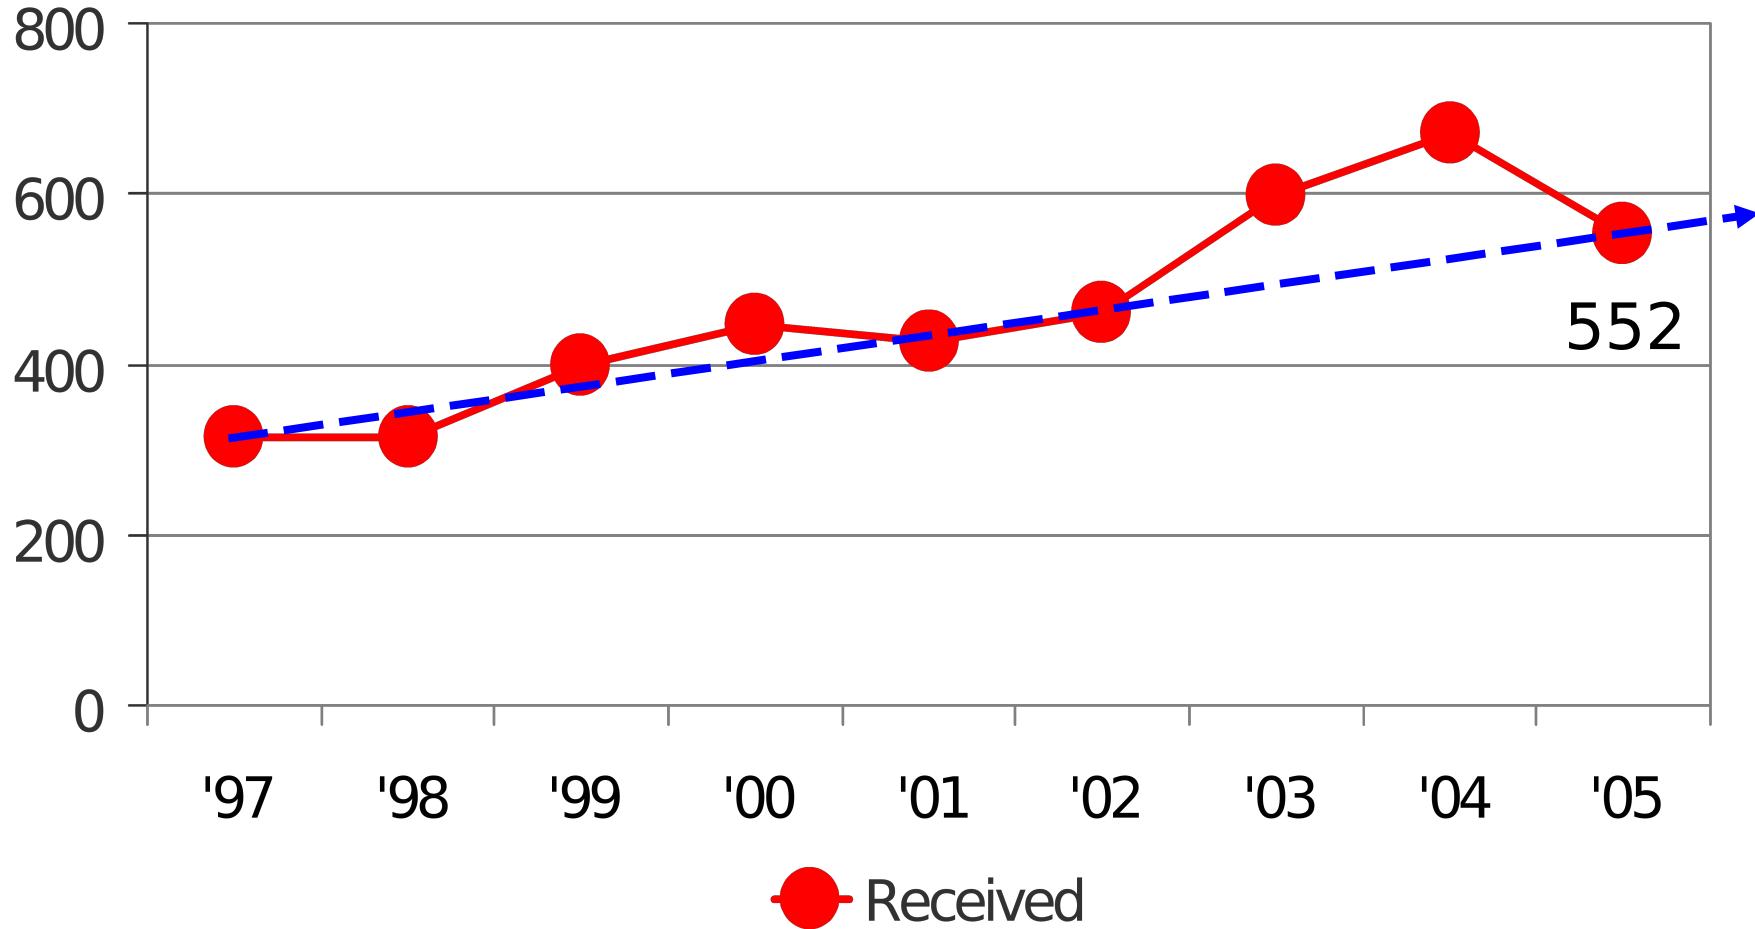

- **1990/92** – MHE as reprisal
- **1991** – DoD Auditors, Inspectors, and LE
- **1994** – Chain of command, discrimination, sexual harassment
- **2004** – Clarification and emphasis

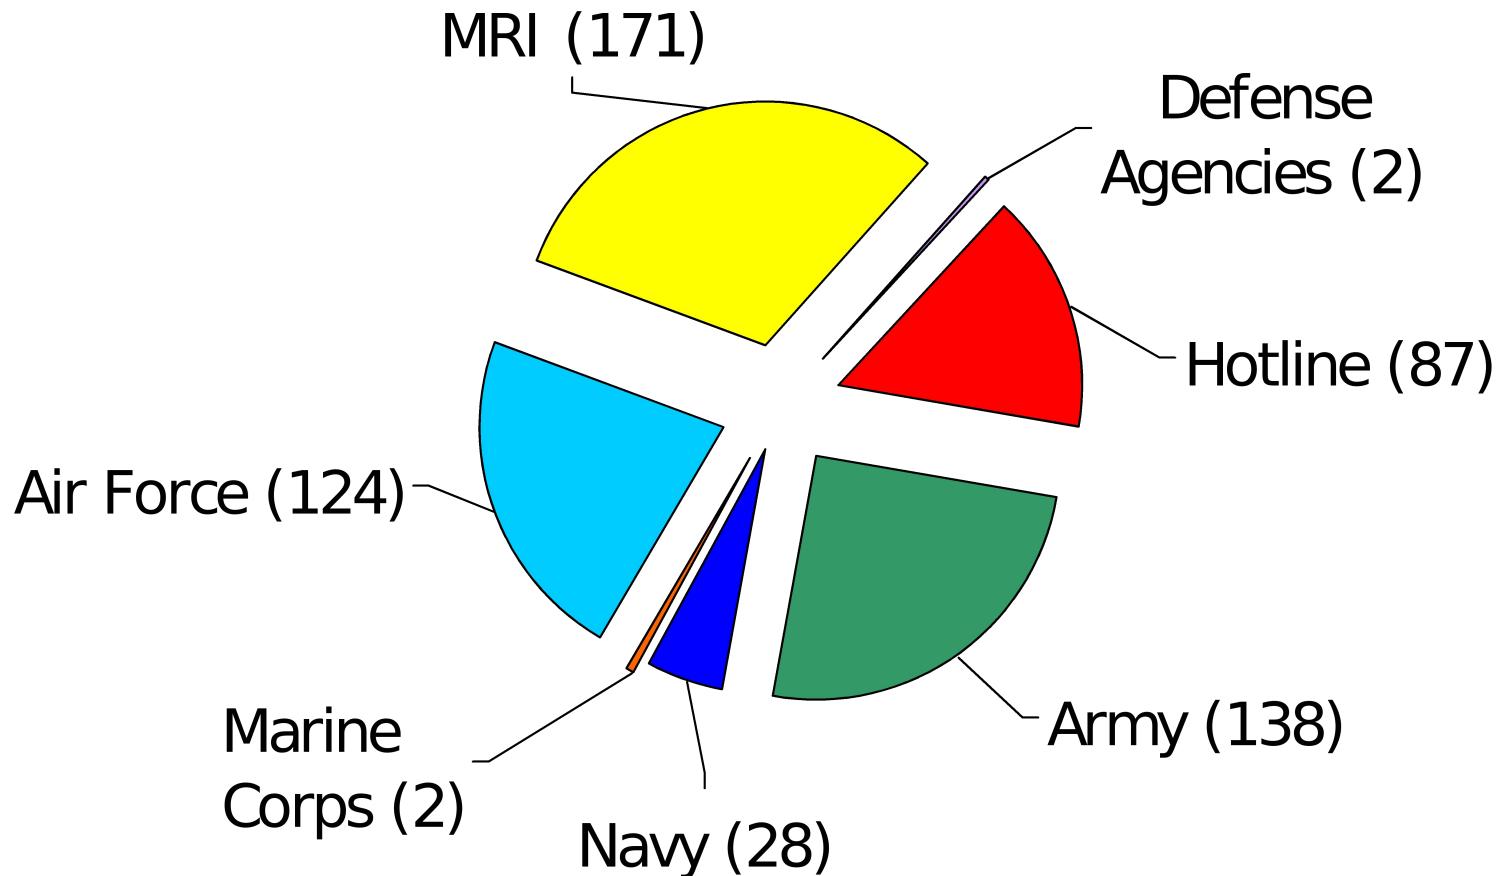

Let's put this in perspective

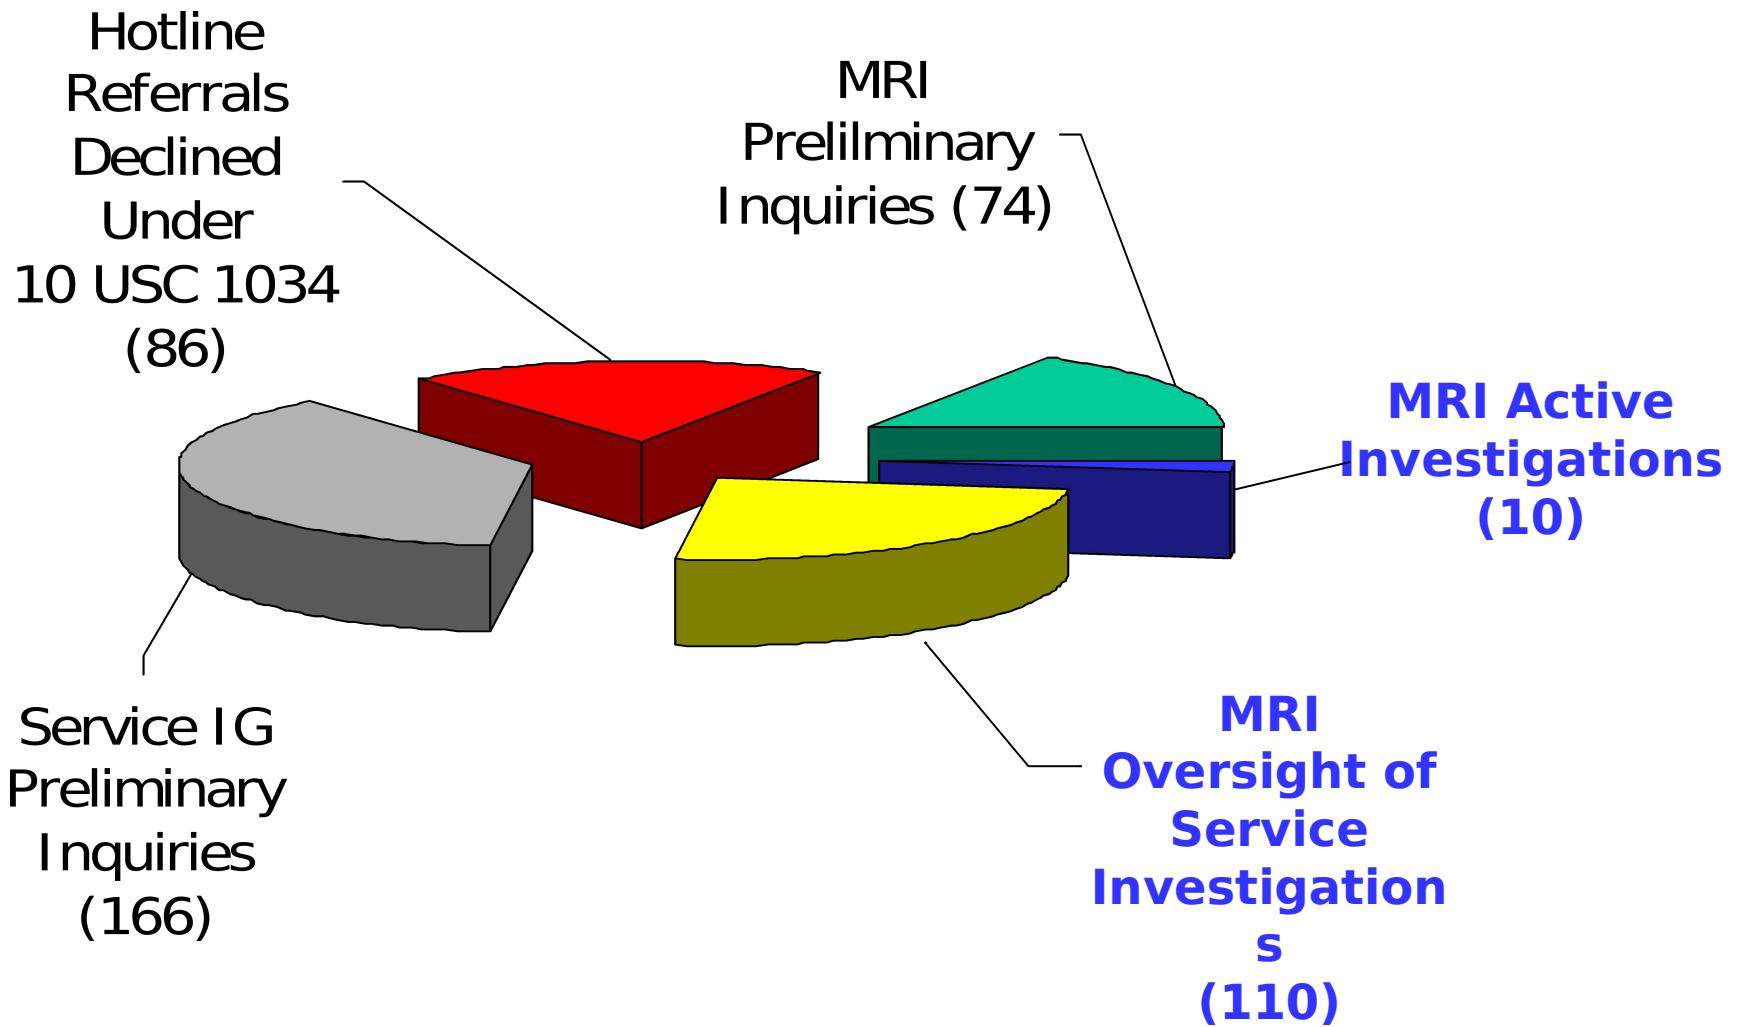

Reprisal / MHE

Received - 552

Closed - 446

Substantiation Rate

- Reprisal
- Historical ~20 - 25%

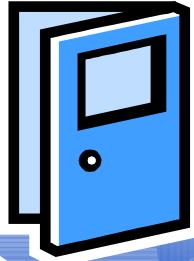

Note: Substantiation rate for reprisal cases is based on cases that met the statutory criteria for full investigation. Cases not included were those that revealed no further investigation was warranted after preliminary analysis or inquiry.

Title 10, United States Code, Section 1034

“Military Whistleblower Protection Act”

**Restriction
Reprisal**

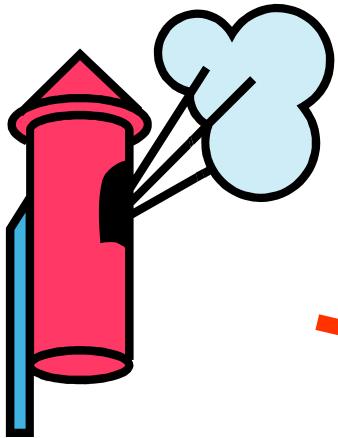

Restriction

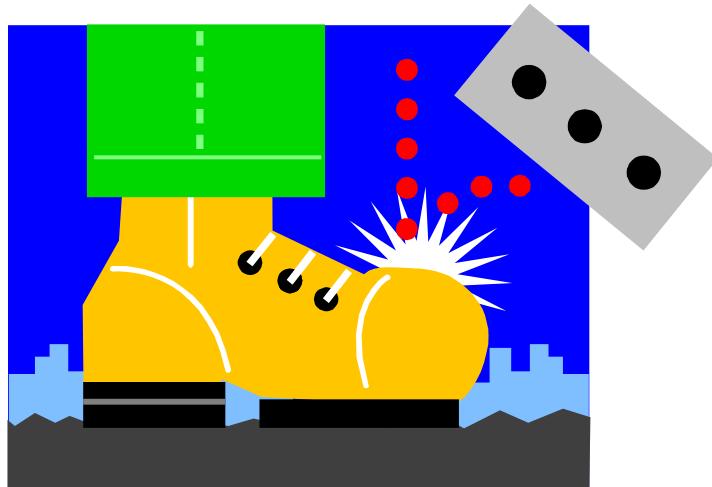

“(a) Restricting Communications
With Members of Congress and
Inspector General Prohibited.

- (1) No person may restrict a member of the armed forces in communicating with a Member of Congress or an Inspector General.
- (2) Paragraph (1) does not apply to a communication that is unlawful.”

The “Acid Test”

1. Protected Communication?
2. “Unfavorable” Personnel Action?
3. Management Knowledge?
4. Reprisal or Independent Basis?

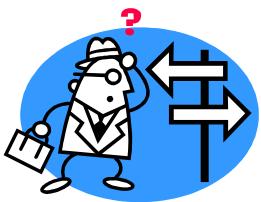

Where to start

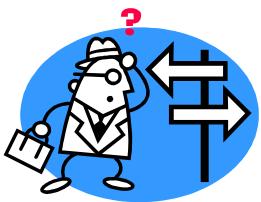

Initial Contact

- Intake
 - The complainant may not say reprisal
- MRI notification
 - *10 days from initial contact*
- Preliminary Inquiry

Preliminary Inquiry

- Questions 1-3
- Based mostly on documentation
 - Incoming complaint, personnel records
 - Previous investigations
- Complainant interview
 - Normally do not interview RMOs or witnesses
- End product
 - ***Close or refer for investigation***

Investigation

- Questions 1-4
 - Emphasis on Q-4
- Testimony and documentation
 - *Interview witnesses and RMOs*
- **Establish linkage between PC and UPA**
- Legal review

Protected Communication

Did the military member

- make
- prepare to make,
- or was thought to have made

a communication protected by statute?

Who Can Receive a PC?

Who Can Receive a PC?

IF

...the communication was
made to

an IG or

THEN

a Member of Congress
...any lawful
communication is
protected

IF

Who Can Receive a PC?

the communication was made to

- DoD audit, inspection, investigation, or law enforcement organization
- any person or organization in the *chain of command*
- any other person or organization designated pursuant to regulations or other established administrative procedures to receive PCs

THEN

Concerning?

- any lawful communication which the member reasonably believes evidences:
 - A violation of law or regulation (including sexual harassment or unlawful discrimination)
 - Gross mismanagement or gross waste of funds
 - An abuse of authority, or
 - A substantial and specific danger to public

Concerning?

THEN

Protected Communication

Did the military member

- make
- prepare to make,
- or was thought to have made

a communication protected by statute?

What can be a PC?

- Verbal, written, or electronic (phone, fax, email)
- Third party (spouse, relative, or co-worker) on behalf of complainant
- Chain of command communications
 - *May include complaints made during commander's call, request mast, or under open door policy. Articles 138 and 1150 are usually protected communications*

Protected Communication

For **each** PC you must determine:

- To whom was the PC made?
- What was the PC?
- When was the PC made?
- Disposition of communication.

Protected Communication

Timing is critical

- Date rumors started about the complainant intending to make a PC
- Date complainant began preparing to make a PC
- Date the actual PC was made

Test Your Knowledge

1. Capt Scotty announced at a recent Commander's Call that he believed his supervisor discriminated against him because of his religious beliefs.

2. A1C Kirk's commander believes she was the source of an anonymous call to the IG (however, A1C Kirk denies she ever contacted the IG).

1

Test Your Knowledge

3. Lt Traveler's mother wrote the Hotline complaining that her son would be deployed on her birthday and he would be unable to attend her party.

4. SSgt Sweettooth wrote to his Congressman complaining that the lunch line was too long, and by the time he got around to dessert, the pecan pie was always gone.

Protected Communication

What if...

- No evidence of a PC?
- Allegation of wrongdoing was not substantiated?
- PC was made in retaliation against management officials?

“Unfavorable” Personnel Action

An **unfavorable** personnel action,

taken or threatened or

a **favorable** personnel action withheld

or threatened to be withheld

following the protected communication?

“Unfavorable” Personnel Action

Any action that *unfavorably*

affects, or

has the **potential** to *unfavorably*

affect,

a Service member's

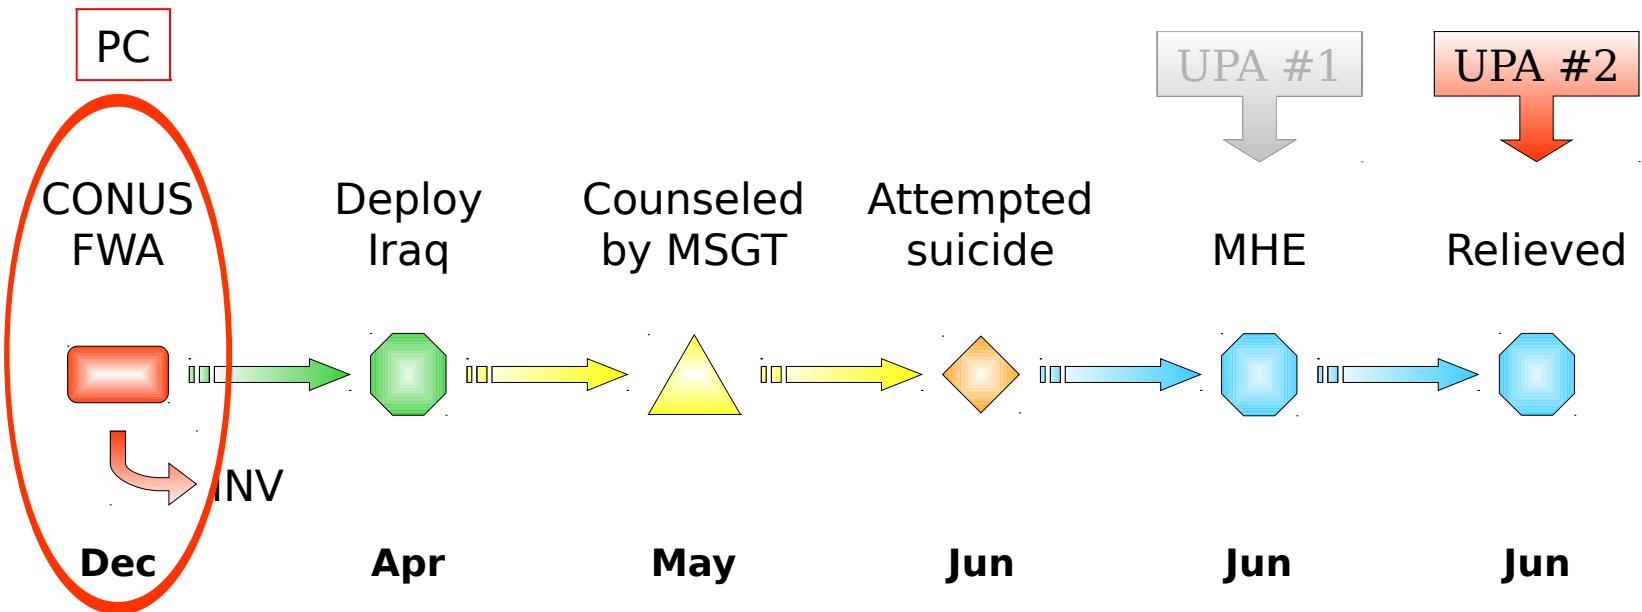

UPA Examples

- Fitness Report / Performance Evaluations
- Awards, promotions, or training
- Changes to duties or responsibilities

UPA Examples

- Fitness Report / Performance Evaluations
- Awards, promotions, or training
- Changes to duties or responsibilities
- Denial of reenlistment or separation
- Disciplinary or other corrective actions
(Page 13, Article 15, Captain's Mast)

Sgt Glass, Flying Squadron

UPA Examples

- Revocation of:
 - access to classified material
 - authorization to carry weapons
 - changes in flying status
 - Personnel Reliability Program certification

Key: Was the action discretionary?

Investigations

Investigations are fact finding tools
and are not considered UPAs

- However, actions taken as a result of an investigation may be considered an UPA

“Unfavorable” Personnel Action

What if...

- The RMO did not consider the personnel action to be “unfavorable”?
- The personnel action was subsequently reversed?
- There was no personnel action?

RMO

Knowledge

“a 2-step process”

Step 1: Who is an RMO?

Anyone who:

- Took the action
- Approved, reviewed, or endorsed the action
- Signed correspondence regarding the action
- Influenced or recommended the action be taken

Step 2: Knowledge

Determine if each RMO

had prior knowledge of

each PC

Knowledge Includes

- Personally received the PC
- Heard rumors about the PC
- Suspected or believed the complainant made a PC (even if not true)
 - Precise knowledge of content of PC is not necessary
 - Simply being aware PC occurred (regardless of the subject or content) is sufficient

Timing is Key

Before taking or threatening
an unfavorable personnel
action, did the RMO know
about the PC?

Let's Review

RMO Challenge

What if...

- The RMO(s) deny having any knowledge of the PC?

- No documentary evidence or corroborating witness testimony that the RMO(s) knew of the PC?

Heidi Parker

Reprisal or Independent Basis

Does a **preponderance of the evidence**

establish that the “unfavorable” personnel

action **would have been taken absent**

the protected communication?

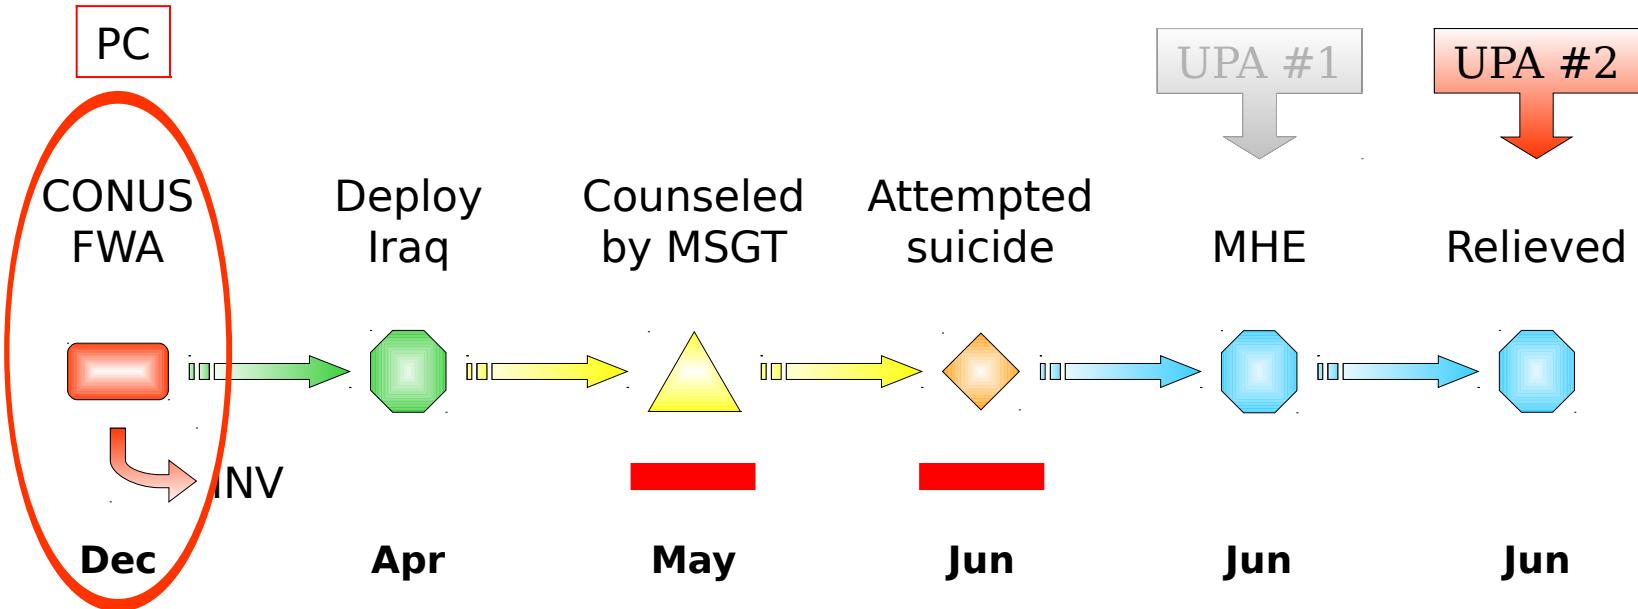

Analyze the Evidence

- Reason
 - Why did the RMO take the action?
- Reasonableness
 - Reasonable or appropriate for the offence?
- Procedural correctness
 - Did RMO(s) have authority to take the action and was the action done in accordance with regulation?
- Consistency
 - Were previous problems handled in a similar manner?
- Motive
 - Did RMO(s) take the *right* action for the *right* reason?

The Finish Line

Standard

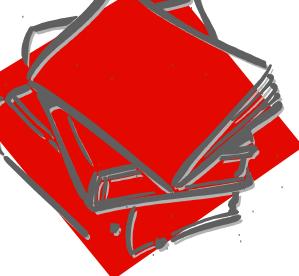

Preponderance of the Evidence

Evidence which is of greater weight or more convincing than the evidence which is offered in opposition to it.

Report of Investigation

- 4 Questions
- Update chronology
- Analyze testimony, actions, & evidence
 - Corroborate testimony
 - Subject matter “experts”
- Determine what is credible, what is not, and why

Report of Investigation

Suggested format outlined in IGDG 7050.6

- Introduction and Summary (conclusion)
- Background: outline facts leading to the UPA
- Questions 1-3 (PC, UPA, and RMO knowledge): briefly state the evidence
- Question 4 (findings and analysis): in-depth analysis of evidence of each personnel action

Analyze the Evidence

- Update chronology
- Make sure you have all documents
- Review testimonies
- Resolve inconsistencies and contradictions
- Conduct additional interviews if necessary
- Determine if actions consistent with past practice

Facts

- Relevant
- Accurate
- Comprehensive
- Cross check and corroborate
- Proper context

Question 4

- Findings and analysis: in-depth analysis for each personnel action
- Resolve conflicting evidence
- Just because action was within RMO(s) prerogative does not establish that reprisal did not occur
- You may not rule out reprisal until you establish that the RMO(s) would have taken the exact same action even if complainant had not made a PC

Analysis Matrix

Name Sub-question \	Col Smith	Maj White	CSM Brown	M Sgt Green
<i>Reason</i>				
<i>Reasonable</i>				
<i>Procedurally Correct</i>				
<i>Consistency</i>				
<i>Motive</i>				
<i>Linkage</i>				

RMO's Actions

- What factors did RMO(s) consider?
 - It's incumbent on the RMO(s) to explain
- Why at that particular time?
- Inconsistencies between the evidence and RMO(s) testimony?
- Bias for complainant “going outside the chain of command?”

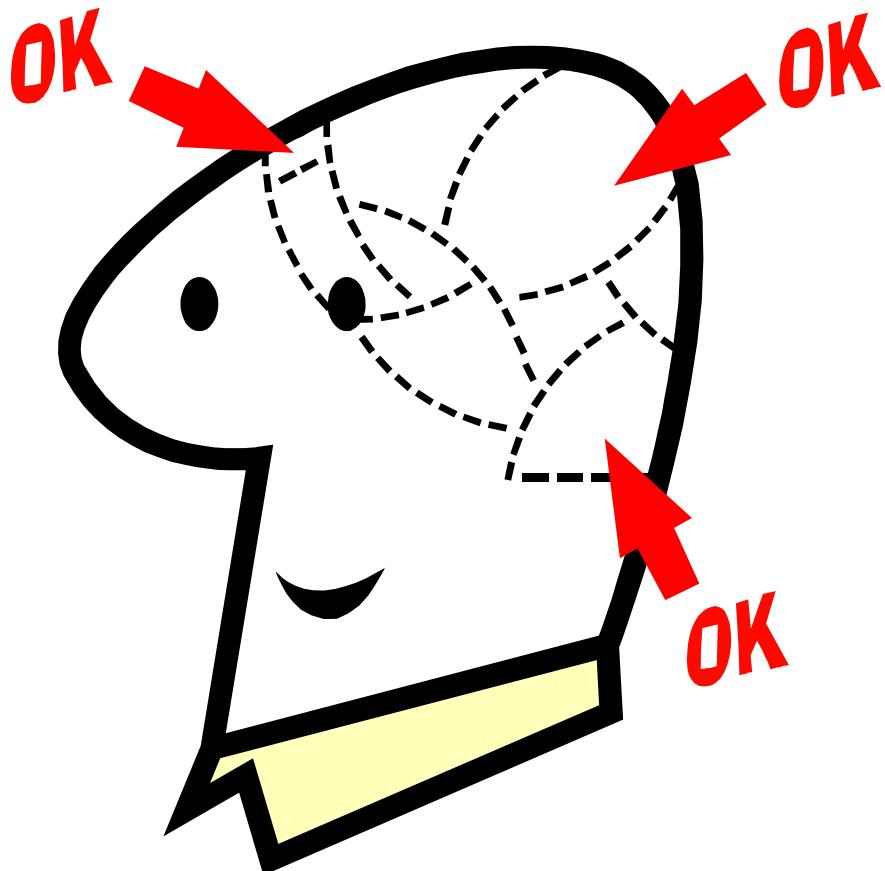

■ **What bearing did the PC have on the action?**
